Vipul Dua, M.D. PATIENT FINANCIAL POLICY

Thank you for choosing Vipul Dua, M.D. for your orthopedic care.

We sincerely hope that by sharing our financial expectations we will strengthen the practice-patient relationship and keep the lines of communication open. This financial policy helps the practice provide quality care to our valued patients. If you have any questions or need clarification of any of the below policies, please feel free to contact our Billing Manager 860-644-5900 extension 206.

Self-Pay Accounts

We designate accounts, Self-Pay, under the following circumstances: (1) patient is covered by an insurance plan that our provider(s) do not participate in, (2) patient does not have a current, valid insurance card on file, (3) patient does not have a valid insurance referral on file, or (4) patient does not have health insurance coverage.

Payment is Due At the Time of Service

- · We accept cash, checks and credit cards.
- All co-payments, deductibles and non-covered services are due at the time of service unless you have made payment arrangements in advance of your appointment.
- Insurance required co-payments are due when you check in for your appointment. If you arrive without your co-payment, we may ask you to reschedule.
- If your co-payment is based on a percentage and you do not have a secondary policy, please be prepared to pay the percentage required by your plan on the date of service.
- Patient-responsible balances from prior visits are due at the time of check in.
- In the event that you need surgery and you do not have health insurance coverage, we require a down payment of 50% of the estimated doctor's fees before we can schedule the surgery.

Proof of Insurance

- Please bring your insurance card(s) with you to each appointment.
- It is your responsibility to inform the reception staff when the
 cause of treatment may be the responsibility of an auto insurance,
 liability insurance company, worker's compensation instead
 of your regular health insurance carrier. You are responsible
 to provide the office with all information required to bill the
 carrier responsible in these cases when you check in for your
 appointment.
- We do not accept Letters of Protection from Attorney offices for possible litigation cases.
- It is your responsibility to notify the practice of changes in your health insurance.

Referrals

Detient Cianature

If your insurance plan has a designated primary care physician (PCP) and you are required to obtain a written referral from that doctor, you must provide the office with that referral at the time of checkin. If you do not have a current valid referral, we may ask you to either reschedule your appointment or pay for the visit at the time of service.

Our Responsibility to Report Non-Compliance

It is our obligation under many of the insurance contracts to report patients who: repeatedly refuse to pay co-payments/deductibles at time of service, or who repeatedly "no show" for appointments. We reserve the right to charge a No Show Fee for the reserved appointment spot you held. Patients that No Show consistently may be discharged from the practice.

Legal Guardianship

If you have legal guardianship over a minor, <u>you must provide the office with a copy</u> of the appropriate guardianship papers so that we may examine and treat the patient and release medical information to you.

Divorce and Child Custody Cases

- In cases of divorce, the individual who receives care is responsible for the payment of co-payments, coinsurance, deductibles, and nonparticipating insurance balances at the time of service. We will not bill a divorced spouse for the patient's services.
- The parent who brings the child to the office for care is responsible for payment at the time of service no matter if the account is selfpay, participating insurance, or nonparticipating insurance. The practice does not honor divorce specifics (e.g., percentage of financial responsibility).
- If the child has coverage with a participating insurance plan and the proper insurance identification is present at the time of service, the practice will bill that insurance company. Applicable copayments, coinsurance and/or deductibles are due at the time of service, unless arrangements have been made with the office prior to arrival.

Billing, Payments and Refunds

- All balances are due in full within 14 days of the statement date.
- If you cannot pay the balance in full within 14 days, please contact our Billing Manager (extension 206) to see if you qualify for possible payment options.
- It is your responsibility to notify the office of any change in address, phone, employment, or insurance coverage.

Doto.

- If you make an overpayment on your account, we will issue a refund only if there are no other outstanding debts on other accounts with the same guarantor or financial responsible party.
- We reserve the right to report delinquent accounts to credit bureaus, assess a collection fee, take other collection action, or discharge your care as a patient of this practice.
